

RADIATION BENCHMARK DATA POINTS

Contributor profiles	Plans per physicist by size
Diagnosis mix	Total physics services per physicist overall
Number of financial counselors	Physics services per physicist by size
Patients served by financial counselors	Total sims per sim therapist overall
Number of navigators	Sims per sim therapist by size
Patients served by navigators	Percent of patients treated with brachytherapy overall
Number of nutritionists	Patients treated with brachytherapy by size
Patients served by nutritionists	Percent of patients treated with brachytherapy overall
Number of NPPs	Patients treated with brachytherapy by size
Patients served by NPPs	Percent of patients treated with brachytherapy overall
Number of data managers	Patients treated with brachytherapy by size
Trials per data manager	Percent of patients treated with brachytherapy overall
Number of billers	Patients treated with brachytherapy by size
Patients served by billers	Percent of patients treated with SRS/SBRT overall
Number of social workers	Patients treated with SRS/SBRT by size
Patients served by social workers	Percent of patients treated with EBRT overall
Number of registrars	Patients treated with EBRT by size
Cases per registrar	Percent of patients treated with IMRT/IGRT overall
Total patients per therapist overall	Patients treated with IMRT/IGRT by size
Patients per therapist by size	Percent of brachy patients with breast
Total patients per dosimetrist overall	Percent of brachy patients with CNS
Patients per dosimetrist by size	Percent of brachy patients with gyn
Total patients per physicist overall	Percent of brachy patients with prostate
Patients per physicist by size	Percent of brachy patients with colorectal
Total patients per rad onc overall	Percent of brachy patients with GI
Patients per rad onc by size	Percent of SRS/SBRT patients with breast
Total patients per linac overall	Percent of SRS/SBRT patients with CNS
Patients per linac by size	Percent of SRS/SBRT patients with gyn
Total therapists per linac overall	Percent of SRS/SBRT patients with prostate
Therapists per linac by size	Percent of SRS/SBRT patients with colorectal
Total rad oncs per linac overall	Percent of SRS/SBRT patients with GI
Rad oncs per linac by size	Percent of EBRT patients with breast
Total physicists per linac overall	Percent of EBRT patients with CNS
Physicists per linac by size	Percent of EBRT patients with gyn
Total dosimetrists per linac overall	Percent of EBRT patients with prostate
Dosimetrists per linac by size	Percent of EBRT patients with colorectal
Total encounters per linac overall	Percent of EBRT patients with GI
Encounters per linac by size	Percent of IMRT/IGRT patients with breast
Total encounters per therapist overall	Percent of IMRT/IGRT patients with CNS
Encounters per therapist by size	Percent of IMRT/IGRT patients with gyn
Total encounters per rad onc overall	Percent of IMRT/IGRT patients with prostate
Encounters per rad onc by size	Percent of IMRT/IGRT patients with colorectal
Total dosimetry services per dosimetrist overall	Percent of IMRT/IGRT patients with GI
Dosimetry services per dosimetrist by size	Revenue per patient by diagnosis
Total plans per physicist overall
